

HOW THE CLOUD DELIVERS VALUE

AWS' CLOUD VALUE FRAMEWORK IS BASED ON 1000s OF CASE STUDIES AND REVEALS FOUR CLEAR AREAS WHERE THE CLOUD DELIVERS VALUE.

COST IMPACT

01

COST SAVINGS

Free up budget for reinvestment by reducing infrastructure spend.

51% lower 5 year cost of operations.

STAFF PRODUCTIVITY

Free up teams to work on activities that deliver value, e.g. eliminate hardware troubleshooting,

25% more productive application development teams

02

OPERATIONAL RESILIENCE

Reduce unplanned downtime, recover faster and improve security.

94% reduction in time lost to unplanned downtime.

03

BUSINESS AGILITY

Accelerate time to market, experiment faster and deploy more frequently (and with fewer errors).

3x more new features delivered.

04

VALUE IMPACT
